

Dear Donor;

I hope your holidays were wonderful because of you and your generosity my family was able to have a more than wonderful holiday.

Because of people like you the world is a better place.

Having 2 growing boys I constantly struggle with clothing and food and truly appreciate what you did for us and words really can't describe how thankful we are.

It amazes me how much someone could care about a family they never met, I hope the best for you and your family. And once again, Thank You.
